

DJSCHOOLUK

DJ School UK Online Safety Agreement for Young People.

DJ School UK understands the importance of children and young people being able to use the internet for education and personal development. This includes social media platforms, games and apps.

DJ School UK will mostly deliver online lessons by sharing pre-prepared videos. Sometimes we will use face to face video conferencing apps and in some cases we may use social media platforms (eg soundcloud, youtube).

We recognise that while conducting online work with any young people, safeguards need to be in place to ensure they are kept safe at all times.

We also see online work as an opportunity to help young people learn how to stay safe on the internet. We will promote good practice wherever we can.

This agreement is part of our overarching code of behaviour for children/young people, staff and volunteers and relates to our safeguarding and child protection policy. Both documents can be found along with all our policies and terms at: <https://djschooluk.org.uk/policies/>

If you would like to know more about this, please speak to Jim Reiss, Managing Director (07949379442 /jim@djschooluk.org.uk).
